MOOD: 🧠 enthralled

MUSIC: Snoop Dogg - Santa Goes Straight To The Ghetto

This is Julia Child's kitchen. (https://www.livejournal.com/away?to=http%3A//en.wikipedia.org/wiki/Image%3AJulia_child_kitchen.jpg).

I love her for the complete unpretentiousness of the red plastic checked tablecloth.

And the art hung on cabinet doors.

And the totally efficient use of space.

I could cook there.

The counters would even be tall enough! Her husband built them for her special, and she was six foot two. Obviously the woman for me; I was just born seventy years too late.

I knew a guy in college, actually, who was of the theory that yes indeed, there was one perfect person in the world for everyone. Who was probably born in China, a thousand years ago.

I just realized, Hafs could probably find out for me if Juuulia actually was a spy in WWII. But no, that would be abuse of power. And sometimes, it's more fun not to know the truth.

I'm up with the alien frogs once more. They are actually louder than my mp3 player.

ETA: According to [Google Earth's Santa Tracker](https://www.livejournal.com/away?to=http%3A//www.gearthblog.com/blog/archives/2006/12/santas_toy_hunt_and.html) (https://www.livejournal.com/away?to=http%3A//www.gearthblog.com/blog/archives/2006/12/santas_toy_hunt_and.html),

Santa just touched down in Gruudinino, Irkuskyia, Russia. And was gone again before there was time to blink. Still, oh man, it's going to take him forever to get to Hawaii! I moved five hours further from Christmas! What was I thinking?

Elvis doesn't live here anymore.

Hey there. Sorry about the drama. It was... it was an emotional decision, and I didn't

Poppets. Puppets. Poppet puppets. Scary.

How cool is the pots and pans hanging up on the walls like the tools they are? Man, I need to do something like that.

I would have liked to sit there and watch her cook.

Kitchen gear as room decor.

There is no bad there.

Dude, you and Julia hooked up? You'd be fighting each other for kitchen time!

It's a big enough kitchen for two...
